SKILLS

Programming Languages JavaScript, C/C++, Python, Java, Php
Frameworks & Libraries React.js, Node.js, Express.js, MongoDB, Tailwind CSS

TECHNICAL EXPERIENCE

Web Development Intern

Apr 2023 - May 2023

[CodeClause](#)

Remote

- During my internship, I had the opportunity to work on a wide range of web development projects, honing my skills in **Tailwind CSS**, **JavaScript**, **ReactJS** and more.
- I have contributed to various projects by developing responsive and user-friendly interfaces.

-Certificate

PROJECTS

ECOMZY

[Source Code](#) | [Live Project](#)

Jun 2023

- Developed a fully functional shopping cart application using **React.js**, **Redux Toolkit**, and **Tailwind CSS**.
- Utilized **Redux Toolkit's** state management capabilities to efficiently handle and update the cart's state.
- Implemented responsive design principles with **Tailwind CSS** to create a visually appealing and mobile-friendly shopping cart.

Tech Blogger

[Source Code](#) | [Live Project](#)

Apr 2023

- Developed a Tech Blogger Website using **React.js**, **Context API**, and **Tailwind CSS**.
- Created a responsive and user-friendly blogging platform leveraging the power of React.js for efficient component-based development, Context API for state management, and Tailwind CSS for styling and layout.
- Utilized the **Context API** for efficient state management.
- Leveraged the Context API to manage application-wide state, enabling easy sharing of data between components and maintaining a consistent user experience throughout the website.

Discord Clone

[Source Code](#) | [Live Project](#)

March 2023

- Developed a Discord Clone using **Tailwind CSS**, a highly efficient utility-first CSS framework, showcasing strong front-end development skills and proficiency in modern web technologies.
- Utilized Tailwind CSS's extensive set of Pre-built components and utility classes to create a visually appealing and responsive user interface, ensuring a seamless user experience across different devices and screen sizes.
